Schlangen-Einmaleins-Spiel

Die Kinder spielen zu zweit oder in einer kleinen Gruppe.

Spielregeln:

- Die Regenwald- und Schlangenkarten werden gemischt und verdeckt auf einen Stapel gelegt.
- Die Mitspielenden nehmen reihum eine Karte und lösen die Aufgabe, die darauf steht.
- Ist die Lösung richtig, darf die Karte behalten werden. Aber ...
- Wer eine Schlangenkarte aufdeckt, muss alle gesammelten Karten wieder abgeben.
